education

Design / Master Figma from 0 to 100 Course

• Learnt best practices on how to utilise Figma for design.
→ domestika.org

Coding / SheCodes Max Course

• Learnt how to use VSCode to create responsive web applications from scratch using code languages such as HTML, CSS and JavaScript and how to utilise libraries like React as well as frameworks like Bootstrap. The course also touched on how to implement API's and integrate AI into your projects. It also taught the basics of SEO.
→ shecodes.io

Photography / Image Retouching and Color Grading Course

• Learnt advanced skin retouching and color grading techniques.
→ jessicakobeissi.com
